

ABSTRACT PRESENTATION GUIDELINES

ORAL ABSTRACT PRESENTATION

The time available for the presentation is 8 minutes for the presentation and 4 minutes for the discussion. We recommend that, for a smooth development of the session and the attention of the attendees, you adjust the number of slides to the time given for your presentation.

You **should deliver and test your presentation** in the Speaker's Room with a technician at least 2 hours before the start of your session, or the day before if the session starts at 09:00 h. You can download the presentation template in the website.

You can also consult the **Presentation Guidelines for Speakers**, available on the congress website. Please check it thoroughly before preparing your presentation.

Remember that as first author you must be registered for your abstract to be considered as presented.
